

## Project Details

**ROSES ID:** NNH07ZDA001N

**Selection Year:** 2008

**Program Element:** Focused Science Topic

**Topic:** Solar Modulation of the galactic cosmic rays and the production of cosmogenic isotope archives of long-term solar activity, used to interpret past climate changes.

**Project Title:**

**PI Name:** Petrus Martens

**PI Email:** atn@g.ucla.edu

**Affiliation:** Montana State University-Bozeman

**Summary:**
