

## Project Details

**ROSES ID:** NRA-NNH04ZSS001N

**Selection Year:** 2005

**Program Element:** Data, Tools, & Methods

**Topic:** To quantify the sensitivity of regional and global climate to solar forcing in the full context of the interactive climate system.

**Project Title:**

C/NOFS Data Dissemination and Processing Tools

**PI Name:** Robert Pfaff

**PI Email:** Robert.F.Pfaff@nasa.gov

**Affiliation:** NASA/GSFC

**Project Member(s):**

-

**Summary:**

Data processing tools and software will be prepared to disseminate the DC and AC electric field, magnetic field, Langmuir probe, and lightning detector data on the C/NOFS satellite to the space physics community.
