

Topic: To quantify the sensitivity of regional and global climate to solar forcing in the full context of the interactive climate system.

Project Title:

C/NOFS Data Dissemination and Processing Tools

PI Name: Robert Pfaff

PI Email: Robert.F.Pfaff@nasa.gov

Affiliation: NASA/GSFC

Project Information:

Data processing tools and software will be prepared to disseminate the DC and AC electric field, magnetic field, Langmuir probe, and lightning detector data on the C/NOFS satellite to the space physics community.

ROSES ID: NRA-NNH04ZSS001N

Duration:

Selection Year: 2005

Program Element: Data, Tools, & Methods
