

Project Details

ROSES ID: NNH07ZDA001N

Selection Year: 2008

Program Element: Focused Science Topic

Topic: Solar Modulation of the galactic cosmic rays and the production of cosmogenic isotope archives of long-term solar activity, used to interpret past climate changes.

Project Title:

PI Name: Petrus Martens

PI Email: martens@physics.montana.edu

Affiliation: Montana State University-Bozeman

Summary:
